

## Lead London District Catholic School Board

### Partners

- Southwestern Ontario Student Transportation Services
- CAN-Bike London
- London's Child & Youth Network

### Contact

[mybigyellowbus.ca](http://mybigyellowbus.ca)

### Budget **\$182,650**

(\$100,000 OAST Fund + \$82,650 matching local support)

### Overview

Project partners are collaborating to strengthen support for School Travel Planning, adopt a local AST charter, pilot a walking school bus and expand existing initiatives including way-finding signage, bike rack installations and cycling skills training.

### Project highlights

- » A new position has been created within Southwestern Ontario Student Transportation Services to support School Travel Planning at select schools and serve as the point of contact on active transportation concerns for schools across the greater London area.
- » Eight schools have been selected to receive new wayfinding signage and related promotional materials as well as an implementation guide have been created.

### What they're saying

*"Our team will be looking for safe route for students to travel, and help schools get the information to families."*

~Jacquie Davison, Superintendent of Business,  
London District Catholic School Board
