Budget \$240,697 (\$149,923 OAST Fund + \$90,774 matching local support)

Overview

The project introduced new services and resources to strengthen School Travel Planning programming in Brampton, Caledon and Mississauga.

Project highlights

- » Developed and delivered training workshops for active school travel (AST) leaders, including school staff, parents, and community volunteers, to deliver lessons and activities to students.
- » Introduced a parent engagement strategy including new resources for promoting the benefits and countering the myths of AST.
- » Implemented new wayfinding measures at select schools.

• What they're saying

"This grant allows for existing AST initiatives to gain more momentum in the Region of Peel as we work to grow and strengthen active and sustainable travel for our schools and communities."

– Shahid Naeem, Manager- Energy & Sustainability, Peel District School Board
